A LOCAL VETERAN RECEIVES HELP

IMPACT STORY

"James," a local veteran who did three tours of duty and suffers from Post-traumatic stress disorder (PTSD), lost his job during the COVID-19 crisis.

Fortunately, the Athol Area YMCA was there to help, providing James with financial assistance and connecting him with mental health counseling. Thanks to these services, James is now back on track to success.

The Athol Area YMCA was there for James with help from the United Way of North Central Massachusetts COVID-19 Stand United Fund.
